PROFESSIONAL SUMMARY

Results-driven Flutter Developer with expertise in developing scalable and user-centric mobile applications for Android and iOS. Experienced in delivering high-quality solutions, enhancing application performance, and contributing across the full software development lifecycle in Agile environments.

EXPERIENCE

Associate Software Engineer

Feb 2025 – Present

Aufait Technologies Pvt. Ltd., Kozhikode, Kerala

- Implemented **UAE PASS** authentication and document sharing integration in fintech applications, enabling secure user verification and document exchange workflows.
- Implemented real-time tracking and live location services using Google Maps, WebSockets, and geolocation APIs in Flutter applications.

Flutter Intern

Aug 2024 – Feb 2025

Aufait Technologies Pvt. Ltd., Kozhikode, Kerala

- Developed cross-platform Flutter applications with RESTful APIs, Firebase, authentication, state management, Git, and end-to-end App Store and Play Store deployments.
- Assisted in application development and testing for internal and client projects, while participating in code reviews and collaborative development workflows.

KEY PROJECTS

- OLO (The Car App, Merchant, SOS)** – Developed Flutter applications for vehicle services and roadside assistance using Flutter, Dart, REST APIs, geolocation services with responsive UI design.
- AJEXPAY** – Developed a Flutter-based fintech application with **UAE PASS** authentication, secure payment processing, transaction management, and financial service workflows.
- Click4Marry** – Developed a Flutter matrimony platform with profile management, matchmaking, real-time communication, user verification, privacy controls, and responsive mobile UI.
