

NIHAD K

Flutter Mobile Application Developer

Dubai, United Arab Emirates | [+971 54 753 9639](tel:+971547539639) | nihadkalathil@gmail.com | [LinkedIn Profile](#)

PROFESSIONAL SUMMARY

Flutter Developer with 2+ years of experience building and shipping production Android and iOS apps end-to-end. Independently delivered the Flutter side of a live fintech app (AJEXPAY) with UAE PASS authentication and secure payment workflows. Skilled in REST API and Firebase integration (Auth, Firestore, FCM) across multiple backend services, Provider state management, unit/widget testing, offline data handling, local storage (SQLite, Hive, SharedPreferences, secure storage), barcode/QR scanning, photo capture, Git-based workflows, and full App Store / Google Play release cycles. Comfortable turning Figma designs and operational workflows into polished, responsive, field-ready UI.

CORE SKILLS

- **Languages & Framework:** Dart, Flutter SDK, HTML, CSS
- **State Management:** Provider (production); working knowledge of Bloc and Riverpod
- **APIs & Auth:** REST APIs, JSON, Token-based/OAuth Authentication, WebSockets, Deep Linking, Third-Party API Integration
- **Firebase & Storage:** Firebase Authentication, Firestore, Firebase Cloud Messaging (FCM), SQLite, Hive, SharedPreferences, Secure Storage, Firebase Analytics & Firebase Crashlytics.
- **Mobile Features:** Offline Data Handling, Barcode/QR Scanning, Photo Capture, Location Tracking & Geolocation, Google Maps, Responsive UI from Figma, Mobile App Security
- **Testing & Release:** Unit Testing, Widget Testing, Debugging, Git, GitHub, Bitbucket, Postman, Android Studio, Xcode, VS Code, App Store & Google Play Release Management

PROFESSIONAL EXPERIENCE

Associate Software Engineer — Aufait Technologies Pvt. Ltd., Kozhikode, Kerala Feb 2025 – Aug 2026

- Independently owned 100% of Flutter development for AJEXPAY, a live production fintech app, and made major Flutter contributions across 8 additional production apps on Android and iOS.
- Integrated REST APIs and JSON across multiple backend services, plus Firebase (Authentication, Firestore, Firebase Cloud Messaging), using Provider for state management and secure, token-based authentication.
- Implemented UAE PASS authentication, secure payment workflows and transaction management for AJEXPAY; built real-time location tracking, Google Maps, WebSocket features, barcode/QR scanning and photo capture across other apps.
- Handled local storage and secure data persistence using SQLite, Hive and SharedPreferences with secure storage; wrote unit and widget tests, debugged production builds, and took part in Git-based code reviews within Agile sprints.
- Supported production releases to Google Play Store and Apple App Store, resolving issues from crash reports and QA/user feedback.

Flutter Intern — Aufait Technologies Pvt. Ltd., Kozhikode, Kerala Aug 2024 – Feb 2025

- Built cross-platform Flutter apps using Dart, REST APIs, JSON and Firebase, contributing to production releases on Google Play and the App Store.
- Assisted with UI implementation, API integration, debugging, testing and code reviews across client and internal Agile projects.

KEY PROJECTS (PUBLISHED & LIVE)

- **AJEXPAY** (Fintech) — 100% of Flutter development; UAE PASS authentication, secure payments, transactions. [App Store](#) | [Google Play](#)
- **OLO – The Car App** (Roadside Assistance) — ~75% Flutter development; geolocation, REST APIs, responsive UI. [App Store](#) | [Google Play](#)
- **OLO – Merchant** — ~75% Flutter development; merchant-side service workflows. [App Store](#) | [Google Play](#)
- **OLO – SOS Service** — ~75% Flutter development; emergency roadside assistance features. [App Store](#) | [Google Play](#)
- **Click4Marry** (Matrimony) — 25% Flutter-side development; profile management, matchmaking, real-time communication. [App Store](#) | [Google Play](#)

EDUCATION

Master of Computer Applications (MCA) — APJ Abdul Kalam Technological University, Kerala 2022 – 2024

Bachelor of Computer Applications (BCA) — University of Calicut, Kerala 2019 – 2022
